SGX CNX Nifty Index Fut. (8:00 am)	11940.50	+0.05%	

Outlook for the day

The market is likely to witness a flat opening in trades today tracking subdued trading of Nifty and other Asian markets. Asian shares got off to a subdued start today as surging coronavirus cases in Europe and the United states threatened the global outlook, while China's leaders meet to ponder the future of the economic giant. U.S. stock benchmarks closed mostly higher Friday, after paring earlier losses, despite a top White House economic adviser saying talks on another financial-aid package weren't seeing much traction in Congress, stoking investor fears that any plan would not be implemented before Election Day. Back home, SBI Life Insurance, Kotak Mahindra Bank, Torrent Pharma, M&M Financial, Poly Medicure, Swaraj Engines, Finolex Industries, GHCL, Max Ventures and Angel Broking are slated to announce their financial results for the September quarter today. As per provisional figures, Foreign Institutional Investors (FIIs)/Foreign Portfolio Investors (FPIs) bought shares worth net Rs.906.93 crore and Domestic institutional investors sold shares worth net Rs.891.86 Crore on 23rd October 2020.

Macro news

The UK private sector growth moderated in October reflecting weaker contribution from the service economy due to tighter restrictions across the hospitality sector and the impact of local lockdowns on general consumer spending, flash survey results from IHS Markit showed Friday. The flash IHS Markit/Chartered Institute of Procurement & Supply composite output index declined more-than-expected to 52.9 in October from 56.5 in September. The score was forecast to fall to 55.6.
